1 EXT. SCHOOL ENTRANCE - NIGHT 1

In the off screen lights of the school prom, a nice car pulls up to the front and stops. In the car, we can see some movement, possibly even hear some yelling.

The door SWINGS open and out pops IVY. She scurries off towards the school, distraught.

2 INT. THE BOY'S BEDROOM - FLASH FORWARD 2

A plain, styrofoam mannequin head stares. The hand of THE BOY enters with some lip gloss, slowly smearing it on the lips.

Next some eye liner. Then blush. Then foundation. He leaves for a second and then returns with some fake lashes.

Lastly, he takes out a wig and places it on the head. He smiles at his work.

3 INT. CAR - FLASH BACK 3

The boy is alone in the car, checking out his teeth and hair in the car mirror. As the passenger door opens, Ivy enters. They smile at each other.

DISSOLVE TO:

4 LATER 4

They stop in front of the school. The boy takes a deep breath, as if priming himself for something. As he speaks, her expression drops.

IVY
What are you saying?

BOY
You know, I just had to let it out.

IVY
Boy, you best be playing.
(tears now)
I need some time to figure it out.

She opens the door and leaves, now back to the shot from scene 1...
